Corporal H. Bell was a visitor to
Claresholm this week.

Local and General

Major James and Major Lyndon
were home for a few days this week.

Mr. Whitehead has taken over
the Masey Harris agency here.

Don't forget Porter's sale on
March 11th.

BORN—to Mr. and Mrs. Cecil
Marshall of Meadow Creek, on
March 2nd, a son.

Attention ladies, read Mrs. Larkin's
advertisement in this issue. Get your
millinery orders in early.

Mr. Parry and family left for
their new home in Calgary on Tues-
day last.

Henry Viste and family returned
this week from a trip south of the
border.

Charles F. Adams joined the 13th
on Wednesday last; Mrs. Francis
the 137th; Tom Jackson the 13th,
and John Wall the University bat-
talion.

Stewart Gowan joined the 13th
some time ago and was not reported
in this paper before. Also George
Henderson and Alex Newell joined
the 113th kiltie battalion.

Private A. Boniface and Private
G. McLennan were home for a few
days. They look very much at
home in their military uniforms.
We are anxious to see private Tovell
in his kilt.

A baptismal service was held in
the Methodist parsonage on Sunday
last after the evening service. Rev.
McNiven administered the sacra-
ment of baptism to Bertan
Tyerman and Willard Parry.

FOUND—A new automobile type,
on Sunday last, between the Five-
Mile School and the home of O. J.
Berg. Owner may have same by
paying property and paying for
service. Advertised—47

W. H. Lewis arrived home from
a trip through North Dak. and
Minnesota. He reports a immi-
gration making its way to Alberta.
Mr. Lewis says Alberta looks good
after the snow covered prairie of
North Dakota.

The services at the Star Line have
been well attended. Most of the time
it has been difficult to find standing
room. Rev. McNiven and Mrs. Mc-
Kinney have given considerable help
to the people who have attended the
services we have found them very helpful.

Mr. and Mrs. Ricks visited White
Last Saturday to see Mrs. Annie
Schram, who is seriously ill. Mrs.
Schram has recently gone through an
operation for appendicitis. She has
cancer of the stomach which has
gone too far to operate. Her
death is expected at any moment.

Sergeant Mackenzie who is securing
recruits for the university
battalion, gave an address at the
Oxford Bible class last Sunday
which was much appreciated. Mr.
Mackenzie was formerly a student
pracher in the Methodist church.
He received a few recruits here,
amongst them being Ernest Bush,
Harold Hughes and John Wall.

The Presbyterian pulpit will be
supplied as follows: Rev. Mr. Hack-
ney, March 12; Rev. Rod Morgan,
March 19; Rev. Mr. Smith, March
26th, and probably Rev. Mr. Kidd,
first Sunday in April. These men
coming each with a special message,
are well worth hearing. The church
should be crowded every Sunday.
They will take away with them
some impression of Claresholm.
Your presence at church will help
them to think well of us, and you
yourself will doubtless be benefited
both spiritually and intellectually.
Everybody in their place or time
next Sunday. If you are a good
man you ought to be—stay home.

One of Mr. Soby's new McLough-
lin cars caused a little excitement
in front of the barber shop on Wed-
nesday afternoon. A house tied
up behind a democrat, driven by Mr.
T. Barty, became frightened at
such a smart looking car as it passed,
and in its efforts to side-
step and give its aristocratic look-
ing rival the whole road, pulled the
democrat over, spilling Mr. Barty
and bally smashing things up in
general. A few minutes later, Mr.
Vanhorn, at the same fatal spot,
ran over a big yellow dog. The
dog now wishes all the Fords to
Jiricho.

John Walls enlisted in the ranks
of the University Battalion on Wed-
nesday of this week. Mr. Wall had
had 14 years' experience in active
service. He holds the Queen's
medal and was in four engagements
during the Boer War—Cape Colony,
Johannesburg, Diamond Hill, Wit-
tenberg. He also received the King's
Medal for 1901 and 1902. With this
experience we can look for
speedy promotion.

On Sunday last, the Oxford Bible
class of the Methodist church, which
meets at the close of the morning
service, recruited private A. F.
Boniface with a wrist watch as a
token of appreciation from his old
class mates. The presentation was
made by Rev. W. E. Mc Niven
who spoke of the great service he
rendered the cause of christian
civilization by our brave soldiers.
Mr. Boniface thanked the class for
this expression of their good will
and assured them that he would
devote his life to the high ideals
of the Oxford Bible class.

It will soon be time to consider
what we will do with our lawns
during the coming spring. A few
well-kept shrubs will double its
productivity and save the value of
any property. A windbreak around the
vegetable garden will double its
productivity. With a properly
protected garden, cucumbers, corn
and tomatoes may, with proper
care, be assured to where in Alberta.
In choosing trees and shrubs,
as well as small fruits, care should be
taken in their selection. Be sure
to select Alberta grown stock—stock
that is cinnatized.

The Royal Welsh Male Quartet
had a crowded meeting on Sunday
last. Every number of the program
was splendidly received and
well applauded. The quartet was
probably the most efficient ever
heard in Claresholm. Mr. Rice
Williams gave an account of the
sinking of the Lusitania. There
was no attempt at outcry, but the
very simplicity of his story of the
tragedy made an impression upon
the minds of his hearers that will
never be lost. After depicting the
horrors that followed the explosion
of the torpedo, the struggling,
shrieking mass of men, women and
children, 1189 of whom perished,
he closed by describing his own
feelings at the time of the disaster
while hanging on to one of the life-
boats. "If could only live," he
said, "I would give everything else."
His appeal to make the best
of the life we hold so precious was
impressive. Six out of the nine
Welsh singers who were on board
were rescued. While hanging on
to the wreckage of an old stoker said:
"Can't you fellows sing to cheer up
the women and kids?" Then
the remnants of the Welsh choir
sang "Abide with me," fast falling
the even tide," and as they sang others
joined in, and as the song spread
over that mass of struggling
humanity, many a soul found comfort
as exhausted they sank into a
water grave. It was an emotional
moment to be sure, but the song
that left its audience stronger
and better to face the future. The
Patriotic Fund benefitted to the ex-
tent of about \$60.

On Monday, March 17th, at 8
o'clock in the assembly hall of the
School of Agriculture, Dr. McNauly,
principal of the Camrose Normal
School, will give a lecture on "The
Human Church." Dr. McNauly has
made an extensive study of rural
life problems and is a very interest-
ing speaker. This lecture is free
and everybody welcome.

The women of Alberta have the
honor of having the fifth credit
first aid post in the country
in the manufacture of the Red Cross
kit. The equal suffrage measure
is now ready to be introduced
into the sitting of the legislative
assembly on Monday afternoon and
now awaits the assent of the
lieutenant-governor to become a
statute.

Sergeant MacKenzie spent Mon-
day and Tuesday at Macleod recruit-
ing for the University battalion and
secured thirteen recruits. There

are some Claresholm boys yet who
would look well in military uniform
and who make good soldiers.
Kitchenham says every man is needed
who is physically fit. You can do
no greater service to the Empire than
to do your duty now instead of to call.

On Friday the barn belonging
to Mr. R. Watt was burnt to the
ground. Fire broke out about six
in the evening. The fire brigade
was on the spot in a short time but
despite the hose being broken in
some way was not able to do as
effective work as it should have.
The barn, we understand, was cov-
ered by insurance.

At the recent meeting of the Pre-

War Notes

A snap raid in England last Sat-
urday resulted in 13 deaths and 92
wounded. 90 bombs were dropped.
No military damage was done, and
non-combatants were the victims.

Holland reported that 22 Hun-
Cruisers left the Kiel canal and are
now somewhere in the North sea.
This is cheering news to the British

The Germans have made a few
gains near Verdun at a tremendous
losses of life. Twenty-seven trains of
German wounded suddenly left the
front for the interior hospitals.

The casualties on the French
side are comparatively small.

Australians are said to be helping
the French at Verdun.

Turkey appears to be anxious for
peace with Russia. Friction has
been caused through Turkey with-
drawing troops from the Balkans
to stem the Russian advance in
Armenia. Turkey, however, will
nearly accept the only terms of peace
the allies will offer—the end of
the war.

Wilson holds his ground regard-
ing the German submarine policy
and has the support of congress.
Meanwhile, privately and publicly
he has done well by subtleties lately.
Germany's threat of further fight-
ing seems probably only a bluff.

A large movement of Canadian
troops is taking place this month.

A big offensive on the part of the
Allies is evidently very near. Ger-
many seems to know it and her
efforts at Verdun as an attempt to
forestall it.

London, March 7—A. J. Balfour,
first lord of the Admiralty, said in
the House of Commons to-day that
the tonnage of the British navy had
been increased by one million since
the outbreak of war, while the
strength of the air division had
grown ten-fold.

Mr. Balfour told the house that
never before in Great Britain's history
had there been so much naval
construction as in the last 19 months.
He asserted the fleet was stronger
than at the outbreak of war, except
in regard to armored cruisers.
Many of the cruisers had been lost
but had not been replaced.

The Government of Alberta an-
nounces a substantial surplus this
year—somewhere around a million.

Answer to Stanley Charges.

Hon. Mr. Sifton's answer to Dr. Stanley charges in the House at Edmonton on Tuesday last after referring to the various charges which were made by Dr. Stanley, Mr. Sifton summed up his address as follows: "And so far as these things are concerned, if there is any evidence against a single member of the staff of license department or any other department connected with this government which would justify a prosecution, we are not only willing that the evidence shall be made public, but we will go further. If the hon. gentleman is not satisfied with the legal procedure of the department of the attorney-general, if he will place that evidence in the hands of the government or make his charges in regard to officials in such a definite way that they can be proved, the government will furnish all the legal assistance they want, chosen by themselves, but paid by the government for the purpose of prosecution in the courts of this country."

They can take their choice of all the judges of the province and of all the magistrates, and this government will pay the expenses and let them run the prosecution themselves for the purpose of satisfying the people of the province that there is nothing to hide in regard to the matters.

But we will not consent to the investigation of the administration of a department by a commission of judges or anyone else as long as the British constitution remains as it is. The department will be investigated by this house or by the criminal courts of the country and no other way. I have stood for the enforcement of the law by the attorney-general's department, and I do not know of any time when any of the attorney-generals of the province have not stood for the enforcement of the law before the courts of the country. If a prima facie charge is made, that looks like a definite charge against any officer of any department, they may have the supervision of the trial, they may hire any lawyers they like for the purpose carrying on the prosecution at the expense of the province."

The premier resumed his seat amid cheers from the government benches.

We hope the premier will allow the fullest investigation possible. These are the days when the people are suspicious of the honesty of their representatives and from the scandals that have come to light in our sister provinces, there is some reason for these suspicions.

Let us have all the publicity possible. The friends of the government as well as their enemies demand it.

Taxation of Hotels

Owners of hotel property are asking the provincial legislature to pass an act removing hotels from the jurisdiction of municipal by-laws that impose special taxation on them in the way of licenses. Without doubt the cancellation of the licenses next summer will deprive the hotel business of a large share of its income, and owners of hotel property will suffer accordingly. It is a fair proposition that municipalities should be prevented from imposing on hotel licenses fees of a discriminatory character, or heavily taxing it further reduces the prospect of this legitimate business being carried on. If, however, to prevent the municipality exercising any supervision or control over the conduct of these hotels, another aspect of the question is introduced that

is worthy of attention. When the bar room is closed the hotel will lose the distinctive character which differentiated it from other business enterprises, and which resulted in it being placed under provincial, and not municipal jurisdiction. When that difference no longer exists it is not clear why the hotel should be immune from municipal control any more than the restaurant, the rooming house, or any other local business enterprise. — Edmonton Bulletin.

Inferior Seed Grain being Offered.

It has come to the notice of the Department of Agriculture that sellers are going through the provinces selling a variety of wheat variously known as Egyptian King, Seven Headed, Miracle, Alaska Wonder, Many Headed, Mummy or Core wheat. These agents represent it as a superior kind of grain, and in order that farmers may know what they are buying, the department offers the following information.

Experiments in different places have shown that this wheat is below Red Fife in yield and also later in maturing. As to quality, it is wholly inferior to the standard varieties commonly grown in the provinces. The flour is very dark in color and practically useless for bread making purposes. The wheat, which has a compound or branching head, is very striking in appearance. This, together with the fact that the kernel is quite large, induces some farmers to purchase and try it as an experiment.

Since experimental farms exist, partially at least, for the purpose of trying out new varieties of grain, the department of agriculture feels that no grain grower should allow himself to be imposed upon by sellers offering this, or any other variety of grain that has not been a success at some experimental station.

Claresholm Won the Wiser Cup.

Nanton, March 3rd—Claresholm won the Wiser cup from Nanton tonight in one of the hardest ploughing events of the season. The Claresholm rink was skippered by Moffat and Mitchell, while Sellers and Cooper defended for Nanton. The final score was 30 for Claresholm and 29 for Nanton.

Mitchell won the cup for Claresholm on his last rock by making a perfect draw to the button giving Claresholm the odd point.

Veteran on the ice saw it was the best curling seen for many years and predict Claresholm will hold it for some time.

OKOTOKS—CLARESHOLM

Claresholm curlers successfully defended the Wiser cup against Okotoks on Tuesday last, winning by seven points. The fate of the game was in doubt until the 12th end, when

Before You Purchase a Car See

THE McLAUGHLIN SIX

"Canada's Standard Car"

In this day when more McLaughlin cars are being built than ever before, it is interesting to remember that the distinguishing characteristic of the McLaughlin Valve-in-Head motor has existed as an idea for 25 years and has been built in McLaughlin cars since 1908.

The motor world is rapidly accepting and adopting the Valve-in-Head principle of motor construction. But remember that the McLaughlin Company are pioneers in Canada in adopting this idea, and have perfected it to its present high state of efficiency, after years of successful manufacturing experience.

Despite lower prices, we guarantee our 1916 series to contain more drop forgings, and greater qualities of steel than any previous models.

In roundabout, Efficient and Comfortable, Body Appointments, Luxurious Refinement and Super Beauty the McLaughlin Six exceeds all previous Motor Car Standards, and is winning widespread approval among Canadian purchasers of cars.

Factory Service at Your Door

Every McLaughlin owner is entitled to and will receive Prompt and Efficient Service—the kind that will ensure him the motor pleasure he expects. No matter where you are, or where you are going, there is a McLaughlin Branch carrying a heavy stock of repair parts or a McLaughlin Agent close at hand.

LOCAL NEWS OF TOWN AND DISTRICT

BY OUR STAFF REPORTER

GRANUM, ALBERTA, MAR. 9, 1916

Mr. T. M. Lewis has enlisted in the 137th of High River.

The C.P.R. is supplying four to five cars a day to the elevators.

Mr. C. Jacobson was a visitor to Claresholm on Thursday.

Mr. T. Cochlin is moving to a house a little further west on Aherden street.

Mr. McDougall is preparing plans for a fine new house to be erected on the farm of Mr. Lepard, Sr., north-east of Granum.

FOR SALE—A 22x34 in. safe. Will exchange for modern typewriter in good condition. Apply Box 24, Granum.

E. G. BARBER, of Claresholm, is now shipping Bread regularly in R. A. Richards, Grocer. Orders taken for Cakes and Biscuits. The new flour mill at Claresholm is a winner. Everything clean and sweet. Quality unsurpassable.

The Women's Patriotic League has shipped a box including 15 pairs of socks from the W.C.T.U. and 12 pairs from the school division of Granum.

A special sale of home-cooking by the Red Cross, on Thursday last, realized the sum of \$60.35. A special the same evening netted \$45.00.

Mr. D. Leyden returned home from Ottawa on Saturday. Mr. Leyden's return is uncertain owing to the prolonged illness of his father.

Mrs. S. M. Rutherford wishes to announce her Spring Military Opening on March 16th and 17th. All ladies are cordially invited.

We are informed that a number of new residences will be erected in Granum this coming spring and summer. Granum is growing, war no war.

Rev. Phoenix, of Claresholm, will conduct services in the Episcopal church here next Sunday. In future services will be regularly held on the 2nd and 4th Sunday of each month.

Although he has sold his store, we are informed that Mr. Crane has intention of leaving Granum. We hope to announce in a few weeks that he has acquired some other interests that will keep him as a permanent citizen of the town.

Messrs. McDougall and Smith will have their new confectionery and ice cream parlor in shape for business by Saturday.

For some delay in connection with the kitchen, the restaurant will not be ready for a week or two. An eating house, with a little class to it, is needed in Granum and many are hoping that these two young men will fill the "long-wait."

Gen. Richards has bought out the business of J. A. Crane. The new proprietor will be in full possession by the end of this week. Mr. Richards was a member of the firm known as the Granum Trading Co. which sold out to Mr. Crane a year ago last May. Since the sale, Mr. Richards has been ranching. No doubt, Rich's many friends in the Granum district will be glad to see him at the old stand.

The auction "sale of horses at the C.P.R. stock yards on Tuesday was fairly well attended. Quite a number of farmers were in attendance. Everything was sold, and the prices realized were below the Calgary auction market prices, but not enough to justify the expenses in taking them there. The class of young stock offered, while a little thin in flesh, were promising and a good many will turn out splendid work horses, worth double the price paid for them on Tuesday.

Consolidated Schools

Why you should vote for a consolidated school:

I because your children will get a better education. A country teacher who has eight grades can only give each grade 45 minutes a day.

In a consolidated school with a teacher for every grade the scholars will get the benefit of the teacher's instructions the whole day.

2 Because your children will be able to get high school education and live at home.

Just at the time when your boys and girls should be under the parental care, you now have to send them away to some other town. With a consolidated school you can keep them at home until they are ready for university.

3 Because the expenses from home to school are cut down.

4 It will be more convenient for your children to get to school. A covered wagon, heated in the winter, will pass close to your home and carry the scholars to and from school.

The best school you can get is one too good for your boys and girls. Their success in life will depend more in the future on their education.

R. B. Bennett, in the Dominion House, has expressed himself as being in favor of a Dominion law that every prohibition company in every province will be compelled to have voted in favor of prohibition.

This means that R. B. is in favor of the prohibition of all imports of liquor into this province.
